

## PORTFOLIO MANAGEMENT MADE EASY

BUSINESS INTELLIGENCE FOR STRATEGIC PORTFOLIO PLANNING AND OPERATIONAL PORTFOLIO EXECUTION

### WHAT WE OFFER

- Strategic portfolio decision support
- Portfolio execution management
- Strong business intelligence reports
- Quick and easy configuration
- Intuitive user interface

### STRATEGIC SCORING

Compare projects based on their strategic contribution. Decide for those projects that align with your strategic success.

### FLEXIBLE PERSPECTIVES

Analyse projects on your own company segments, categories or perspectives. Use the flexible fields that you set up in seconds.

### PORTFOLIO DASHBOARD

Manage your portfolio centrally. Financials, execution, strategic contribution and planning in one customisable view.

### FINANCIAL INSIGHT

Understand the project prioritization in financial terms but also how ongoing projects are financially evolving. Dive into the details with our flexible reports.

### PROGRESS MONITORING

Follow up the progress of the projects in your portfolio with our operational portfolio reports. Learn about risks, issues and monitor the high level planning

### STRONG ANALYTICS

Use our built-in strategic, financial and operational reports to define, update and manage your portfolio on a continuous basis.

### WHY CHOOSE US

- STRAIGHTFORWARD** Advanced and easy to use portfolio management functionality
- CONFIGURABLE** No need for implementation consultants
- EXPERIENCED** Extensive portfolio management experience in different industries
- SUPPORTIVE** Support system 24/7 with rapid response times
